

Introducing Cursillo

What is Cursillo?

Cursillo was first gifted to the Anglican Diocese of Wellington in 1988 from the Brisbane Diocese in Australia as part of a world-wide movement of the Christian Church which aims to "Change the Environments" through small Christian communities committed to living and spreading the Gospel. Today this local "Mission Movement" offers a method by which our relationship with Jesus may be developed, lived out with the support of other Christians, and used by God to change the world about us. This is the true calling of a Matthew 22:37-39 experience.

Our Aims

Cursillo aims to inspire, challenge, disciple and equip us as church members for Christian action in our homes, communities, fellowships and places of work and leisure. The name CURSILLO reflects its Spanish origins, its full title being "Cursillo de Cristiandad" which means 'short course in living Christianity'.

What does a Three-Day Cursillo Cost?

You are asked for a donation to cover the costs of the weekend away. No one is ever denied the chance to attend because of lack of finance.

Sponsorship

Each person who attends a 3 Day Cursillo is sponsored so you will need to be aware of the application process.

How do I apply?

Talk to one of the Wellington Cursillo leadership team listed below and they will explain all you need to know.

In summary....

We recall the many friendships, the music, the laughter, the tears, and that great sense of being part of a special community in a spirit-filled environment but that would be to miss the main point of Cursillo which is the Fourth Day (the rest of our lives), and especially the small group meetings (Group Reunion). The point of Cursillo is to provide a method for our living a Christian pattern of life in the world "where life goes on".
